The Honorable Kevin Faulconer
Mayor, City of San Diego
202 C Street, MS 11A
San Diego, California 92101

RE: FUNDING FOR SAN DIEGO CLIMATE ACTION PLAN (CAP)

Dear Mayor Faulconer,

As Chair of the Sustainable Energy Advisory Board (SEAB), I am writing on behalf of the board to respectfully request that you include adequate resources in your proposed FY 2018-2019 City Budget for continued full implementation of the city's Climate Action Plan (CAP) by the Environmental Services Department and other key stakeholders.

SEAB's work plan is organized around supporting San Diego's CAP objectives. The board provides advice and perspective on topics such as 1) community choice aggregation or other programs for reaching renewable energy goals, 2) municipal energy strategy, and 3) residential and commercial energy conservation ordinances. SEAB is committed to facilitating successful implementation of CAP.

We are immensely proud of San Diego's leadership in establishing its CAP. It has attracted widespread attention from other municipalities. To date, results of implementation are very impressive and provide an excellent model for others.

Thank you for your continued support of and engagement with the Sustainable Energy Advisory Board (SEAB).

Sincerely,

Julia R. Brown, Chairperson
City of San Diego Sustainable Energy Advisory Board
